General Schedule Track 1.docx

All,

Although we don't want to necessarily spread this, this is a general schedule without proprietary or confidential/detailed information. Please share this as people ask instead of the internal and more detailed schedule. There will also obviously be one on one meetings in between these events, but this should cover the major things so far without disclosing too much. If there are any major changes I'll send an updated copy. Katherine – please share with the Governor for her to reference or distribute as she sees fit instead of the internal schedule. I've included the General Schedule for all delegates & Track 1 schedule that will specifically apply to her. Thank you!

Morgan B. Crapps, Esq.
