---

Hi Tony,

Due to the great enthusiasm and large attendance during our Accountable Health Communities Webinars, we would like to share with you **a recording of the webinar**.

The Federal Centers for Medicaid and Medicare Services is funding healthcare providers \$156 million dollars to link social service referrals and health outcomes to create Accountable Health Communities throughout the country.

**VisionLink** wants you and your data to be a part of creating these AHC models.

This webinar will talk in detail about the AHC grant as well as the threat and opportunity it represents to your  
2-1-1 & I&R.

Please feel free to share these links and assets with your colleagues. We also have sample outreach templates upon request.

Better Together,

Doug Zimmerman
