PRESENTED BY

America's Most Convenient Bank<sup>®</sup>

# Be A Difference Maker

The Governor's School for the Arts Foundation serves South Carolina's artistically talented students by raising revenues to bridge the gap between funds provided to the school through government appropriation and the actual cost of the educational opportunities the school is committed to provide students.

The South Carolina Governor's School for the Arts and Humanities is a public residential high school for emerging artists. The school gives artistically talented high school students from across the state the opportunity to study their art in a supportive environment of artistic and academic excellence.

Art concentrations include Creative Writing, Dance, Drama, Music and Visual Arts.
