[rainbow\\_provisions](#) Y'all need to open back up so we can take advantage of the time off and let nature run it it's course with the virus. Let nature do the healing, not authority.

 [crystal.sarah.barker](#) So are people allowed to hike in the parks right now? Every time I pass Wildcat Falls, part of Caesar's Head State Park, the parking area is packed! This is still everyday even after parks closed and even after home or work orders were issued. Just curious?
