Yes. Denise Rivers handles this program for our office. We are having a little trouble getting some areas to participate. It is a reimbursement grant and sometimes it takes the VA months to pay. Let's talk.

I know we have a full plate right now, but next week, I'd like to talk about this. It appears to align with one of our budget requests

The agency is expanding the Veteran-Directed Home and Community Services Program into additional counties of South Carolina. The goal is increase the enrollment of veterans by Fiscal Year 2019 to 200 at a cost of \$30,000 each annually that would require \$6 million of authorization alone by the agency without factoring

any other programs.
