Governor,

I am enclosing a letter to you that I sent to ~~DSS~~. I am not renewing my Registration at this time.

I sent you a letter a month or so ago asking for help or advice and never received any thing. This is and was my livelihood so what I do know, who knows.

I think for this being my first offense after 25 years of childcare, I think I should have given time to clean up what I did but they are still not willing to work. They are taking me as I'm having to go to an appeal which they gave me 10-15 days to get an attorney which was going to cost \$200.00 which I don't have. But anyways it done and I'm depressed about it.

Thanks

Re: Robin Grubb v. SCDSS (47-DC Lic.)

Dear Childcare Regulatory Services,

I am withdrawing my registration from the SCDSS family childcare in my home located at 230 Mason Drive, Inman SC 29349. I do not think at this time that the On site visits or hearings are being fair to all involved. I have been a registered home daycare for over twenty five years, I had a site visit and had cited deficiencies that were all corrected .

I feel that after the site visit on 12-10-14, and the followup on 1-5-15 noted no further deficiencies that a citation or documentation was in order not ongoing hearings and appeals for this matter. I do not feel the time frame for an appeals hearing and the legal fees that I would be responsible for are fair in any way to a home daycare provider.

I went to the hearing on 3-3-15 in the Greenville SC office, I left there confident in the due process that the state would see all corrections were adhered to and dully noted. I was then notified that I would need to attend a appeals hearing. I cannot see wasting any further time after I have verified all requirements were met. I have taken a great deal of time to examine this career path and sadly I am no longer interested in being a home daycare provider.

I am requesting a refund of my license fees which are paid through 3/2016. I will expect a full refund within thrity days of this letter. If you have any questions you may contact me in writing at the above home address.

Sincerely,

Robin Grubb
