Subject: Hunley Commission

Stephanie, I'm Danny Varat, and I'm a recent addition to the Hunley Commission. Gene Hogan updated me with some past project updates, and I have a question. I see in the May 2016 notes that they planned to publish the explosion simulation study later that Fall, but there's not mention of it in the 2017 minutes. Did that happen?

I appreciate your help, and I hope to come visit soon.
