Subject: NO Refugees!

[View this email in your browser](#)

Dear Friend,

The people of South Carolina have spoken loud and clear,
NO REFUGEES IN OUR STATE!

Our nation must secure its borders immediately and ensure we know who is coming into this country.

The threat of mass terrorist attacks by ISIS across our country is very real, and we can't afford the possibility of losing thousands - or tens of thousands - of American lives.

If you stand with me and oppose allowing refugees from countries with known radical islamic movements to come into our state and our nation, **I hope you'll support my campaign for state senate by making your most generous contribution of \$10, \$25, \$50, or more right away.**

We must elect principled conservatives who will stand up when Washington policies put our state and our citizens at risk.

Just last week, international news outlets reported that at least TWO of the terrorists in the Paris attacks late last week snuck into France through Greece, posing as refugees.

With so many thousands of unknown and unvetted refugees pouring into Western Europe, we simply can't allow Washington and South Carolina to make the same mistake.

I have always been a strong voice against lawlessness, illegal immigration, and destructive policies that jeopardize our security.

I will continue to fight for the safety and security of South Carolinians in Columbia, and I hope and pray you will stand with me.

You and I must be ever vigilant when it comes to fighting

radical Islam in our state.

Please stand with me today in opposing any effort to import refugees from nations with known radical islamic movements into our state by supporting my campaign.

I won't back down.

For Liberty, and the American Way,

Senator Lee Bright

P.S. South Carolinians overwhelmingly oppose allowing thousands of unknown and unvetted refugees to come into our state. Make your voice heard by standing with me today. [Join my campaign today by making your most generous contribution of \\$25 \\$50, \\$100, or more. Thank you.](#)
