Dear Editor, LT. Governor Bryant did not say what is reported in your story of today:

After the vote Friday, Lt. Gov. Kevin Bryant lamented for the unborn babies who will continue to be aborted in the state. "Even this broad, sweeping bill effectively banning contraceptives, including birth control, was not enough for the extreme conservatives who are growing in number in the General Assembly, he said" 10ThousandCouple <http://10thousandcouples.com/2018/05/sc-ban-on-almost-all-abortions-dies-in-late-night-vote/>

He is happy to provide a quote if you wish. Thanks
