Hi Lily,  
I trust that you had a wonderful July 4<sup>th</sup> celebration!

Scott Middleton, our CEO, shared with me his concern for the need for more funding for caregiving assistance for the elderly. The National Alliance for Caregiving cites that there are nearly 44 million family caregivers of which about 61% of these are trying to hold full time jobs, which brings about many other issues. But for those who are unable to be direct caregivers, there aren't enough resources to get the assistance needed for their loved ones.

Any updates on what the Office on Aging is focused on currently and how we, as a company, can be better informed in order to better serve the seniors in our state.

We are honored to have Lt Governor Bryant and Darryl with us on Aug. 7 at 10:00am. If you have any other questions, please let me know. As we get closer to the date, I will reach out to make sure all is in order and will plan to meet them that morning as they arrive.

Kind regards,
