## South Carolina State Parks

at 17:31:51 on 9/30/2009 UTC

Just off the side of Hwy 11 is Wildcat Wayside a part of the Mountain Bridge Wilderness Area. This wayside offer a great view of a nice waterfall, that will be surrounded by color in the fall. You will notice the pull off between the turn-offs of Jones Gap and Caesars Head. The peanut man is usually located there also. Stop here for an easy look at an Upstate waterfall.

### Wildcat Wayside in the Mountain Bridge

**Darryl Bridges** And great trout fishing across the road!
