Subject: My child is being abused in a foster care home and nothing is being done

Hi my name is amber i live in Lexington .sc my children live in a foster care home and nothing is being done about them being abused my daughter has a hand print bruise on her arm where she was snatched out the bath tub and ohan said that is not child abuse or neglect and my son has also had staples in his knee every time I go see my kids something else is wrong with them is there anything you can do to help me I fear there going to call me and tell me my child is dead
Thank you Amber
