# Great American Backyard Campout 2012

Album created at 15:16:38 on 4/23/2012 UTC · 🌐

This weekend, 27 families that had never camped before got the opportunity at the Great American Backyard Campout at Sesquicentennial State Park. Not only did they receive a great experience, they also got to keep their tent they used for the campout, t-shirts and camping giveaways (cook stoves, sleeping bags and pads, etc.). Each family also had the opportunity to canoe, kayak, fish, nature and night hike, learned how to start a campfire, and received campground cooking instruction. What an event! Be on the lookout on how YOUR FAMILY can participate next year!

**Kristin Byam Laviolette** This event was so much fun and we learned so much. A big "Thank You" to the many Rangers, volunteers, kayak club, Boy Scouts/their troupe leaders - everyone. It was truly a great time that made for some fantastic memories!
