Marcia,

Lotte and I discussed the big picture, which I will not put in this email.

Nothing is going to be done until we receive the application and everyone agrees how to react.

Val,

We are going to let this go through our normal process. I have asked Gene to assist me with this because he is still arguing legal fees involved in the first case. I would like you and Lotte to speak with me before anyone has any contact with this group.

Lotte,

We can get a jump on arguments about this plate by sending them a copy of the policy.
