**Subject:** Workforce Development Symposium

---

FEBRUARY 8-9, 2017 | COLUMBIA, SC

### The 2017 Workforce Development Symposium

This annual partnership event joins the S.C. Chamber, S.C. Department of Employment and Workforce and the State Workforce Development Board for two days of workshops and seminars on the workforce pipeline in South Carolina.

Day one will focus on the demand side of workforce development - strategies and information for businesses hoping to fill their talent gaps. This is a great opportunity for South Carolina businesses to explore systemic workforce problems in our state and learn more about the actions currently underway to address those issues. Connect with agencies that might offer solutions for your business.

Day two is designed for training and development of case managers and service representatives to provide them with the knowledge and tools for the most effective workforce services.
