December 30, 2016

8014 W Spanish Peak  
Littleton, CO 80127

The Honorable Nikki R. Haley  
Office of the Governor  
1205 Pendleton Street  
Columbia, South Carolina 29201

**RE: Looking for opportunity serving United Nations**

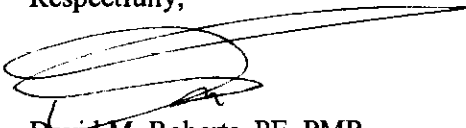

Dear Governor Haley,

I am writing to congratulate you on your selection as Ambassador to the United Nations and to express my interest in serving under you.

I currently work as a project manager at the National Park Service (NPS) but realize I am working far below my potential. I am an engineer, MBA and military veteran that has spent 25 years solving complex problems. I would like to transfer this experience into protecting the interests of the United States and bringing it back to what the founders intended. I am an expert in deciphering large amounts of information to recommend and implement solutions to difficult challenges. I am a highly competent person with a variety of experience on my resume and believe I could be of great service to you or another agency.

I must be honest that I have to remain Denver-based for parenting reasons but do not mind travel. I look forward to the possibility of discussing how I might benefit the government. Thank you for taking the time to review my information.

Respectfully,

A handwritten signature in black ink, appearing to read 'David M. Roberts', with a long horizontal flourish extending to the right.

David M. Roberts, PE, PMP

## **PROFESSIONAL SUMMARY**

I am a Christian conservative, an engineer, MBA and a military veteran that has spent 25 years solving complex problems. I am an expert in deciphering large amounts of information to recommend and implement solutions to difficult challenges. I have worked as a project manager, engineer, construction manager, land surveyor, carpenter, and adjunct professor. You can see more on my experience, recommendations and publications at [www.Linkedin.com/in/DavidRobertsPE](http://www.Linkedin.com/in/DavidRobertsPE).

I would like to transfer this experience into:

- Streamlining government processes and eliminating inefficiencies, or
- Guiding policy changes to make the government more like the founders intended, or
- Managing government lands

## **EDUCATION**

Master's in Business Administration, University of Colorado, 2006

Certificate in Entrepreneurial Studies, University of Colorado, 2002

Bachelor's in Civil Engineering, University of Colorado, 1998

## **EXPERIENCE**

### **Project Manager (GS-13), National Park Service, 2009 – Present**

Manage building and land projects for Design and Construction team at Denver Service Center with a current annual portfolio up to \$25 million in construction costs. Projects span inception through warranty period and are located in many states. Awards and credentials include:

- PE (Professional Engineer), since 2006
- PMP (Project Management Professional), since 2010
- LEED AP (Leadership in Energy and Environmental Design), since 2008
- COR 3 (Contract Officer Representative Level 3), since 2012
- FAC P/PM – Expert (Federal Acquisition Cert. for Program/Project Managers), since 2011
- Dedication to Stewardship Award, 2012
- Star Award, 2010

### **Adjunct Professor, Colorado School of Mines, 2011 – 2013**

I taught a course called EPICS II (Engineering Practices Introductory Course Sequence), where student teams go through the preliminary and schematic design phases of real project for a client. The course emphasized writing, public speaking, project management, design process, and software training, which happened to be AutoCAD for my section. In addition to these topics, I have developed course material on Career Management and LinkedIn Networking.

### **Manager of Engineering Standards / Project Manager, Tetra Tech, 2007 – 2009**

Hired as Manager of Engineering Standards for the Architecture and Engineering Services (AES)

Division, 2,000 employees in 60 offices. Due to the project load, I later transitioned to a Project Manager (PM) role. As Manager of Engineering Standards, I was involved in:

- Setting up corporate project folder structure,
- Collaborating with survey groups from multiple states to share work
- Integrating AIA construction specification writing system
- Co-authoring the division AutoCAD design manual
- Corporate trainer on proprietary PM software,

- Developed and taught a course on construction oversight,
- Founded/managed social media groups on LinkedIn.

**Board of Directors, Home Builders Association of Metro Denver, 2009**

Served on the board of directors representing the HBA.

**Construction Manager, Weld County School District No. 6, 2003 - 2006**

Managed design and construction projects. Served as Program Manager for repair and maintenance of concrete flatwork, asphalt paving, and fencing at 30+ district sites.

**Carpenter, U.S. Army Reserve, 2002 – 2010**

Operation Iraqi Freedom (OIF) - Deployed to Kuwait and Egypt from October 2004 to January 2006.

- Honorable Discharge
- Army Achievement Medal (x2)
- Global War on Terrorism Expeditionary Medal
- Global War on Terrorism Service Medal

**Project Engineer, Stantec Consulting, 2000-2002**

Managed a design team on land development projects. Prior to Stantec, I spent a decade in engineering design and land surveying.
