Hey Rob and Chaney, I hope you both are doing well. I'm helping my colleagues back at the home offices tie up some loose ends before the Governor is expected to be confirmed. I was wondering if you could provide any information about what email account Gov. Haley has used during her time in the governor's mansion. From last year's FOIA request I believe we saw that she does not use the official address. If she's been using a private email server, will that be archived anywhere once she leaves office?

Thanks for anything you can do to help answer this question,

Emma
