Subject: Little Charlie Gard & Americans Losing Health Insurance ~ Website email from Larry Nelson

Lt. Governor Bryant, Dear President Trump (copy to representatives), I applaud your offer to help Little Charlie Gard; his is a sad situation. With that said, I must ask why are you not helping the millions of Americans who will not have health insurance if Congress does as you recommended and ~~â€œ~~just appeal Obama care~~â€œ~~ , if the new law cannot be passed. The current plan as I understand it will leave millions more Americans without health care, give tax breaks to the rich, and raise deductibles. In addition, my health care premiums will go up since not all Americans will be required to have health insurance; therefore the hospitals must again treat those who do not have insurance, raising my premiums even higher. Your tweet said, ~~â€œ~~If we can help little Charlie Gard~~â€œ~~. We would be delighted to do so~~â€œ~~ . Why not have the same attitude when it comes to health care for Americans? Or was the Charlie Gard tweet just a good sound bite? Larry Nelson
