Dear Governor Nikki Haley,

I am a fifth grader at Prestwood School in Sonoma, California. I'm studying South Carolina because it's the state I have chosen for my state report.

The reason I'm writing to you is I need information about your state's history. I will really appreciate it if you could send me pamphlets, brochures, or maps of South Carolina. I really want to thank you because you took your time reading this letter. Also, I have a question for you. What's the hardest part of your job? One thing I like to do is draw.

I want to thank you and I look forward to your response.

Yours Sincerely,

Leslie Yañez
