Supreme Golf Solutions (Formerly Golfler) is an award-winning tee sheet and POS system that is compliant with the PGA of America, NGCOA & Tee Time Coalition's guidelines for online tee time distribution.

Our standard tee sheet & POS is offered at no charge to you when you use our credit card processing company, who pays us a share of "their" revenue, and not yours*. We also offer a full menu of advanced products & services that allow you to customize your system to your exact specifications for a small extra fee. Supreme Golf Solutions even offers additional revenue opportunities for your club, such as monthly practice and/or play memberships.

If you want to maximize the revenue of your course with state of the art technology and marketing tools, please click calendly.com/austinwride or email me to schedule a call.

I look forward to hearing from you.

Best,
Austin Wride

*The majority of time we will beat your current rates, but on occasion we have seen special rates that were given as part of a larger program, and if the case we add a small minimum, so we can keep the lights on. The golf course always has the choice to pay an annual fee for additional products and services you may want or we can add to your credit card processing rate.
