Yes. I spoke to him the day I received his resume. He was very pleasant. Told him I would follow up with him next week.

Rep. Ballentine and Ms. Veldran,

Thank you for updating me on the status of this opportunity. Although I haven't yet been contacted for an interview, I'm excited to hear the position is still open. I believe my IT organization leadership background in system development, implementation, and support, as well as in strategic business/technology planning, makes me an excellent candidate for the Assistant Executive Director of IT role. I've attached my resume again (the online application process was completed in October). I'd welcome the opportunity to discuss my background further and explore the contribution I could make to the SC DEW. I can be reached at 803-319-5286. Thank you in advance for your consideration and assistance.

Best regards,

Gary Zimovan

Rep. Ballentine,

I haven't heard anything back from Ms. Veldran on your email. Did you hear anything?

Regards,

Gary Zimovan

Dear Rep. Ballentine,

There's actually something else you may be able to help with related to the SCDEW. I applied for an Assistant Executive Director of IT position with them a few weeks ago but haven't heard anything back yet. The position is a great fit with my background and experience as you can see in the resume that I've attached to this email (not to mention helping get me off SCDEW's unemployment roll!).

Is there someone at SCDEW that I could contact to discuss my background and experience as it relates to this position and explore the contribution I could make to that organization?

Best regards,

Gary Zimovan

Rep. Ballentine,

I wanted to reach back out to you to say thanks for your assistance with the recent situation I had with qualifying for unemployment benefits due to being an owner in the business. Your quick response in involving the leadership in the SCDEW was instrumental in getting the situation resolved positively. I sincerely appreciate your help!

Best regards,

Gary Zimovan
