

March 6, 2015

Darrel W. Staat
410 Sag Harbor Court
Lexington, S.C. 29072

The Honorable Nikki Haley
Office of the Governor
1205 Pendleton Street
Columbia, S.C. 29201

Dear Governor Haley,

As the months go by in your second term as Governor, I am reminded every day of our state's economic development successes through the ever-growing number of new businesses and jobs that you have brought to South Carolina. There is no doubt that a robust business community is the foundation for a successful state and its residents.

As you may recall, I served as President of the South Carolina Technical College System for over three years before I retired in October, 2013. Some months before my retirement in 2013, you appointed me to the State Workforce Investment Board and I greatly appreciated your confidence in me.

I would like an opportunity to give back to South Carolina, which has done so much for me over the years. I have always been and will continue to be a very strong supporter of our state's premier Technical College System, which plays a vital role in our economic workforce development initiatives.

That is why I request that you consider appointing me as a member of the State Board for Technical and Comprehensive Education in an At Large position. Given my broad knowledge of the System, I am confident I could be a valuable asset to the Board, the technical college system and the state of South Carolina.

Recently I assumed the position of Coordinator of the Community College Executive Leadership program at Wingate University in North Carolina. However, my wife and I love living in Lexington and have no plans to move. Thank you for your consideration.

Sincerely,

Darrel W. Staat, D.A.
