The Honorable Governor Nikki R. Haley
1205 Pendleton Street
Columbia, SC 29201

Dear Governor Haley,

My name is Ryan McIntosh and I am in short time away from being an avid private pilot. In my time of training to become a pilot, my flight instructors have constantly ordered me to fly to either North Carolina or Georgia. This is because of how busy our regional airports are. I believe that the airline industry is growing and that our airports need to be expanded.

There are only three major airports in South Carolina that serve millions of people annually. Although this number is small from 2013 the Greenville-Spartanburg Regional Airport went up from 1.2 million

people served to an estimated 2.35 million people. If South Carolina's airports are not expanded soon we will loose millions of dollars to our surrounding states.

As a citizen of South Carolina, I am concerned that it will begin to be a better financial processes for myself to take my business out of the state.

I would like to soon see that the major airports of South Carolina be expand to an International level. Will you please reply to me so that my concerns may be settled.

As a future voter this is a major issue I have as a citizen and a pilot. My vote for you hangs in the balance depending on your reaction to this. I look forward to hearing from you.

Respectfully yours,

Ryan McCutchen
