David,
We've been working on it. We've been in touch with Meredith Cleland from DOR and Sally Foster at DEW.
In addition, we've been coordinating with Katherine Veldrin at the Governor's Office. We have to get them to all put their heads together on this matter. We haven't dropped the ball.

Thanks,

Stephen,

I know you are busy but just touching base.

DEW apparently filed another lien on me. Lots of phone calls and mail from assorted lawyers.

Where are we? Its very disconcerting waiting for the State to show up and strip me of my business and personal assets.

Dave

David,

I know you're anxious to get this taken care of, but if I were you, I'd let me work through this before coming up to Columbia. Let me get some answers. Everyone was off last week but we're back this week. My legislative aid will be in this week and can get DEW answering questions again.

This has been a very stressful issue wondering when SC is going to drop in and shut down my business and take my lifes assets.

If there is value add for me to come to Columbia I would be more than happy to do so?

If we can sit down with Austin Smith, then that probably makes sense!

Let me know what you think would be best,

Dave

I'll be in Columbia for the rest of the week, but will be working in your issue. I can't tell you when we'll be back yet. If you'd like to come to Columbia, you're welcome to do so.

Ray and Stephen,

Please see attached letter from the DEW. I have attempted to contact Austin Smith of the Governors office as he had said he would look into this and get back to me. Ive called him many times and he is not returning my phone calls.

Maybe one of you could contact him at 803-734-5156 and let me know what his thoughts are.

I don't have \$80,000 to give the state over this judgement call. Once again there were no policies, statutes, laws, etc.... regarding this matter. And as I have pointed out many times, the SC-DOR and DEW were 180 degrees opposite of each other. Don't know how I am supposed to do the right thing when the state doesn't even know.

Obviously this will close my business, put 30 people out of work, take the best taxi company on the South Strand off the roads. I have been paying my Lease taxes since the first of the year when we converted to leases with our drivers.

HELP!!!!!!
