Subject: New Brochure Announcement for 16th Annual Pain Therapeutics Meeting

Dear Mr Tony Kester

Further to our previous invitation, we wanted to find out if you will be joining us in London for SMI's 16th annual **Pain Therapeutics** conference taking place on **23rd & 24th May 2016**. If you haven't made a decision yet, here are three important reasons to attend:

Content: Pain Therapeutics 2016 will provide a comprehensive overview of current issues and ongoing considerations in the latest research, clinical developments and drug trials to both new and seasoned stakeholders. The agenda features over 18 thought-provoking presentations from big pharma and leading industry experts such as **Glenmark, Pfizer, Nektar Therapeutics, RB, Grunenthal, GSK, MSD USA, Novartis** and **Regeneron**; spotlight sessions on opioid dependency; progressive insight into new approaches to pain therapy; best practice on clinical trial procedure which includes a panel debate on medical incidents, and an outlook into emerging trends in pain therapy.

Please note that due to extra speakers being added onto the agenda, a new interactive workshop and more sponsors coming on board, a **new brochure** for the conference has been released. This is available as a PDF which can be downloaded from the event [website](#).

Key contacts under one roof:

With over 4 hours of networking, the 16th annual show provides a perfect platform for you to build strategic partnerships and secure future collaborations. Meet old friends and make new contacts. A preliminary list of those who have confirmed include:

Asahi Kasei Pharma Corporation, Astellas, Centre for Human Drug Research, Ethypharmrt, Imperial College London, Institut de Recherche Pierre Fabre, Levicept, MD Biosciences, Mundipharma, Orion Pharma, Pharmaleads, Lewisham Hospital NHS Trust, University Of Sheffield, University College London, University Health Network, Zoetis, Wollongong Hospital

Register online at www.pain-therapeutics.co.uk. If you are unable to attend, please extend this invite onto your peers to add your organisation onto the above list.

Two CPD certified interactive sessions: Our interactive **workshops** have been carefully selected to compliment the conference and delve deeper into surrounding issues in the pre-clinical drug phase for pain therapy; and in human pain biomarkers for a better understanding of the patient throughout drug development. Both CPD certified sessions will take place post-conference on 25th May 2016.

Workshop A | 8:30 - 12:30

Hosted by: Dr Sigal Meilin, Chief Scientific Officer, MD Biosciences

Animal models for the study of compounds in pain therapy: From screening to translational models

Workshop B | 13:30 - 17:30

Hosted by: Karin Hygge Blakeman, Medical Scientific Liason, Grunenthal

Pain is a Disease, Not a Symptom

16th annual conference: Pain Therapeutics

23rd & 24th May 2016

Holiday Inn Kensington Forum, London UK

www.pain-therapeutics.co.uk

Sponsored by: Cellectricon AB, CHDR (Centre for Human Drug Research) and MD Biosciences

For details on tailored sponsorship packages, contact Alia Malick on +44 (0)20 7827 6168 or email amalick@smi-online.co.uk

For delegate enquiries contact Matthew Apps on +44 (0)20 7827 6093 or email mapps@smi-online.co.uk

We hope you are able to join us and look forward to welcoming you in London this May.

Kind Regards,

SMi Group Ltd
