South Carolina State Parks

at 0:23:11 on 7/20/2016 UTC · 🌐

Santee State Park has a new AED thanks to the Orangeburg Regional Medical Center Foundation. ORMFC President/CEO Thomas C. Dandridge and RMC Foundation Director Margaret Frierson were on hand this week for the official check presentation. Susan Spell and Tim Ritter accepted on behalf of the park service. Thanks to all our AED donors around the state. Their support has helped us improve our medical response effort at South Carolina State Parks!
