Subject: Governor Nikki Haley and the Mother Emanuel one year anniversary

Chaney,

I am reaching out to see if Governor Nikki Haley would like to talk to Live 5 News regarding the one-year anniversary of the tragedy at Emanuel AME in Downtown Charleston.

One of our main anchors Raphael James would like to do a sit down interview with the governor about how the state has changed since the shooting, and things that can still be worked on in the future. Please let me know if she is willing to sit down with us, and if she is when she is available?

Thanks for your time.
