Attachments: Intro article

---

Chaney,

I hope to beg another favor from you for an article we're doing which will be the introduction piece for the Southeast Film Guide.

We would like to obtain an image of the seal of the state of SC or a map of the state, that we hope to use to overlay the article. The article discusses the headway that is being made in our film industry, so if you have any other ideas of what might work with this, by all means give it a shot.

I have attached the article below for your perusal.

If that's possible it would be greatly appreciated and we are at deadline so the sooner the better for us and I do apologize for this late request.

Thanks again for all your help.

Tommy Melton

Tommy,

You can download the governor's headshot here: <https://www.flickr.com/photos/governornikkihaley/albums/72157657844990755>

Please let me know if you need anything else.

Thanks,

Chaney
