Subject: Boston Marathon Bomb Blasts

All TEAM DPS Personnel:

As was reported yesterday, during the Boston Marathon, two explosions occurred about 100 yards apart at approximately 2:50 p.m., more than two hours after the first of the race's nearly 27,000 runners had crossed the finish line. This horrific event caused three deaths and well over 100 injuries. Federal law enforcement officials are treating the incident as a "terrorist attack."

Please note that there are no known explosive-related or terrorist-related threats to South Carolina's critical infrastructure or citizenry at this time.

We ask that you remain alert and operate at a heightened level of vigilance, specifically in areas where there are large crowds, major bridges, overpasses, dams, or any other critical infrastructures. Please continue to report any suspicious activities immediately to the appropriate troop/district personnel, as well as to the proper authorities.

The situation is ongoing as authorities seek to gather information and confirm the specifics of the incident. Intelligence information will be disseminated to you as it is received. (Note: Intelligence will be disseminated to all sworn personnel via the South Carolina Fusion Center.)

Remember, we must never let our guard down.

The job you do daily is recognized and appreciated!

Director Smith
