Attachments: PIA TSA-CDL Signed.pdf

Good Afternoon,

Before all else, thank you to those of you who have forwarded your CDL driver files and test data to us in CD, e-mail and flash drives. We have now heard from more than half of the state agencies. You should know that we are in the process of reviewing test files for those states that have forwarded them. We will report any compatibility problems to you if and as we discover them. Similarly, we are addressing MOU's and agreements with those states requesting them. Please accept our apologies for delays in the past week; TSA was largely preoccupied with preparedness exercises.

We are also very pleased to report that the project's Privacy Impact Assessment (PIA) document has now been finalized and signed at the Department of Homeland Security level. It will soon be posted on the TSA public website (www.tsa.gov), but the report is attached to this note. Please review it at your earliest opportunity.

Finally, we have scheduled another open conference call for next week to address any remaining problems with technical or policy issues. That call will take place **Thursday, October 25, 2007, from 2 pm to 3 pm Eastern time**. A teleconference number and password will be sent to you before that time. We hope that if you have any questions or problems that they can be resolved at that time. In the meantime, please direct any policy or legal questions to Sarah.Tauber@dhs.gov, or to me at the above address.

If you have NOT been in contact with us or if there are delays or other problems in getting your file to us, PLEASE act quickly.

We sincerely appreciate the efforts that you have made on our behalf. We look forward to completing our project in the near future. Thank you again.

Steve Sprague
Chief, Licensing and Infrastructure
TSA HQ
(571-227-1468)
