The official meeting of the Anderson County Council convened in the Council Chambers of the Historic Courthouse on Tuesday, June 19, 2001 at 6:00 p.m.

Mr. Fred Tolly gave the invocation and everyone stood and pledged allegiance to the flag.

Public Comments:

1. Brantley Jordan stated that he went to the new courthouse and visited the mail department. He said he was amazed at the amount of mail that is processed. Mr. Charles Watkins and Mr. Barry Duncan explained the County's process. Ms. Peggy Hall is the mail courier. He recommended that all members of Council go to the department and take a look. He said that this was another fine example of the County's fine working force.

2. Randy Schaub spoke concerning the noise ordinance. He said the ordinance to him was very good; however, the county needs some enforcement. He made the following suggestions to the ordinance. Section 42-215 the officer is duly bound to give the offender a warning first. This should left to the officer's discretion where if the person is extremely objectionable then he should be allowed to give a ticket then. Section 38-199 (table) noise levels. The County should add the DBA level. At the time the ordinance was written, most noise meters only measured DBA, which is the curve that matches the ear. The County also needs more law enforcement and he would be willing to pay more taxes, he said.
3. Alton Reed stated that he works on third shift at the Associated Fuel Pump Company and resides in South Anderson. He said he had to get up out of bed and drive 20 miles to another residence to sleep because of the noise in his community. He said he had made 18 calls to the Sheriff's office and also contacted to person making the noise. He asked Council to please do something to help with this problem.
4. Carl Johnson also stated that the County needed to do something about the noise ordinance. He said maybe increase the fines and drop the first warning ticket.
