South Carolina State Parks

at 11:50:00 on 4/05/2016 UTC · 🌐

Our parks are becoming safer places, because of great partners like the Tuomey Foundation! The foundation recently gave Poinsett State Park a brand new AED (Automated External Defibrillator). Pictured with Park Manager Zabo McCants is Jeff Faw, Executive Director of the Tuomey Foundation. Many thanks! We're well on our way to getting one of these at each and every park. If you would like to help email, lfontana@scprt.com.

Deanna Anderson Yay! Great to hear that!
