Subject: Re: Design for new plates

This is on my radar. Sorry for the delay. We are leaning toward an online submission.

Marisa,

It is time to design the new general license plates. They will be issued beginning in 2008, but we need the new design in the next 6 months. It is my understanding that some governors have asked for public feedback for the design, some have organized design committees, but the most recent plate was designed by PRT. Recently, Steven was approached by Phil at PRT to help design the new plate.

How would the Governor like for us to proceed? We really need to know within the next several months. Just let me know and we will get started.

Thanks,
Marcia
