**Harbor View  
Road  
Improvements  
Consider Project**

The Chairman announced that Council Member Qualey needed to leave Council's meeting early and had requested that item 20 Harbor View Road Improvements be moved up on the agenda, and he was honoring Mr. Qualey's request at this time.

A report was read from the Finance Committee under date of May 8, 2012 that it considered the information furnished by W. Kurt Taylor, County Administrator, and Jim Armstrong, Assistant Administrator for Transportation, regarding Citizens'

comments received concerning the Harbor View Road Improvements Project. It was shown that a public meeting on this project was held and was attended by three hundred and fifty (350) citizens, and that four hundred and seventy (470) comments were received during the open public comment period which ended on March 2, 2012. It was further shown that the purpose of the meeting was to obtain public comment on proposed changes to the Harbor View Road Improvements Project. It was also shown that the Harbor View Road Improvements Project is partially federally funded through a \$6.0 Million allocation of Federal Guideshare funds from the Berkeley, Charleston, Dorchester Council of Governments (BCDCOG) CHATS Policy Committee and in order to be eligible for these funds, Charleston County prepared an Environmental Assessment (EA) subject to approval by the SCDOT and Federal Highway Administration (FHWA) in compliance with the National Environmental Policy Act (NEPA) and the FHWA issued a Finding of No Significant Impact (FONSI) on October 25, 2008 which concluded the NEPA review process. The preferred alternative identified in the FONSI was the same as that approved by Charleston County Council on October 7, 2007. It was stated that the previously approved design was represented at the public information meeting as Alternative A, while the changes proposed by Charleston County Council on October 25, 2011 were represented as Alternative B. and the comment summary illustrates that a majority of respondents (232) do not support Alternative A with the primary reason given as the design being overly wide or having too many lanes, and a majority of respondents (208) generally support Alternative B but with recommended design changes, including the addition of roundabouts in the project design. It was further stated that the project traffic study, completed in February, 2007, recommended that a roundabout be provided at the Harbor View Road and Fort Johnson Road intersection. It was further shown that Council's direction from October 25, 2011 instructed staff to pursue the addition of traffic signals at the Fort Sumter Drive and Mikell Drive intersections with Harbor View Road, striped crosswalks across Harbor View Road at locations subject to SCDOT approval, and a reduction in the speed limit from 40 MPH to 35 MPH.

Committee recommended that Council approve:

- Alternative B with the addition of a roundabout at the intersection of Harbor View Road and Fort Johnson Road
- Traffic signals at the intersections of Fort Sumter Drive and Mikell Drive with Harbor View Road
- Striped crosswalks across Harbor View Road at locations subject to SCDOT approval
- A reduction in the speed limit from 40 MPH to 35 MPH.

Mr. Qualey moved approval of Committee recommendation, seconded by Mr. Summey, and carried.

Kurt Taylor and Ninth Circuit Solicitor Scarlett Wilson regarding the Violence Against Women Act (VAWA) Grant Program. It was stated that this a competitive grant awarded by the South Carolina Department of Public Safety with U.S. Department of Justice funds. It was shown that the Solicitor's Office has been awarded this grant for the past three years (\$147,636 in FY09, \$150,000 in FY10, \$101,041 in FY11). This award of \$167,715 is a continuation (fourth year) of a previously awarded grant. It was further stated that the Solicitor's Office is requesting to use the \$167,715 award to fund a prosecutorial team consisting of a Prosecutor, Investigator and Victim Advocate, and these three grant-funded positions will be paid from these funds and the required cash match of \$55,905, which will come from the Victim Witness State Appropriation Funds. **Town of Ravenel  
Rural Greenbelt  
Project  
Consider Project**

A report was read from the Finance Committee under date of May 3, 2012 that it considered the information furnished by W. Kurt Taylor, County Administrator, and Cathy Ruff, Director of Greenbelt Project, as well as the remarks made by Opal Baldwin, Mayor of the Town of Ravenel, regarding Ravenel's request for Greenbelt funding. It was stated that In accordance with Section 5.6.1 of the Charleston County Comprehensive Greenbelt Plan the rural greenbelt project listed below has been reviewed by the Greenbelt Bank Board and the Greenbelt Bank Board is recommending disapproval of this project, as explained below

<b>Applicant</b>	<b>Project Name</b>	<b>Acres</b>	<b>Funding</b>
<hr/>			
<b><u>Amount</u></b>			
<b>Town of Ravenel</b>	<b>Little Lake Family Park</b>	<b>6</b>	<b>\$860,000</b>

It was shown that the Town submitted this project in August of 2011, requesting \$1 million for the land purchase. When the Greenbelt Bank Board gave initial consideration to the project they voted to defer and requested the Town have an appraisal conducted. Hartnett Realty Co., Inc. appraised the property at a value of \$860,000. The project was presented to the Greenbelt Bank Board in February 2012 for reconsideration with an amended request of \$860,000. The board voted unanimously to recommend disapproval.

It was further shown that during the Bank Board's discussion of the project, they noted that the cost per acre (\$143,333) is much higher than what the board has historically approved for other projects. The current average cost per acre for rural fee simple projects is \$7,226 per acre. The board expressed concern with spending this amount of money on a 6 acre parcel considering the remaining rural greenbelt funds are dwindling and the Greenbelt goals have not been met and the Board observed that the appraisal cited comparables that were 3 – 5 years old and made no adjustments for time. There was concern expressed because land currently for sale near the subject property is being offered at \$30,000 to \$50,000 less per acre. Board members discussed a recent sale of commercial land in the area that was sold for \$20,000 per acre. The board stated that this project is one of the more expensive projects that has been submitted and inquired if the Town could offer any matching funds for the purchase. Due to other projects, such as an extensive sewer project the Town is currently involved in, they could not commit any funds beyond the amount offered (\$22,300) for closing and minor improvements.

Following the Bank Board's action, the Town requested that the board's recommendation for disapproval be delayed in proceeding to County Council to allow the Town time to try and secure matching funds. To date the Town has been unable to acquire any match for the purchase so they are now requesting the project proceed for Council's consideration.

It was shown that the Town intends to use the property as a passive park/community gathering area for the annual St. Paul's Music Festival and other town events.

Committee recommended that Council disapprove the Town of Ravenel's Little Lake Family Park rural greenbelt project.

Mr. Schweers moved approval of Committee recommendation of disapproval, seconded by Ms. Condon, and carried. Messrs. Rawl and Summey voted nay.

**Station Alerting

Award of

Kurt Taylor, County Administrator, and Barrett Tolbert, Director of Procurement, regarding opportunities for the Consolidated 9-1-1 Center and the Consolidated Dispatch Board to maximize operational efficiencies and cost benefits resulting from the standardization of hardware and software solutions. It was stated that the safety of employees was the paramount concern to the Board and the multiple emergency response agencies is the safety of employees followed by providing the fastest possible emergency response to the citizenry of Charleston County. It was shown that in September, 2011 a request for Proposal was issued to procure a Station Alerting System to be used by the Consolidated 9-1-1 Center for dispatching to EMS and participating fire/rescue agencies. Ms. Johnson said that she wanted to thank the Citizens of Woodland Shores Road and stated that she admired their tenacity to come out and fight for their community.

County Attorney Joseph Dawson requested that Council add an agenda item to its next meeting. He said that Council needed to give itself permission to travel to inspect several facilities handling recycling materials and that according to the rules of Council, Council is presently only authorized to attend functions sponsored by the South Carolina or the National Association of Counties, without prior consent.
