---

I'll give you an update after Friday's call so I can give you a big picture of what we've got.

Subject: Draft email on Senior Care Oversight to House Members

"Good Afternoon \_\_,

I am working on a strategy to accomplish your request to take provide an in depth look at senior care and senior protection. We have discovered that there is quite the web of agencies involved, including but not limited to: Lt. Governor's Office, DHEC, DHHS, LLR, DSS, SLED, DMH, DDSN, and the Attorney General's Office. Of those agencies some are tasked with regulating specific aspects on senior care, some are tasked with senior protection, some are tasked with distributing resources, and many are tasked with a combination of these things. We are working on providing as much information as the Lt. Governor's Office on Aging can provide on how these agencies work together and any data that we have on the current state of things. However, it has become apparent that to truly review this process we will need to look for an option where all of these agencies can be brought in to provide information. At this time we believe that this will likely be a Senate committee."

Above is the draft language.
