Subject: CBS Charlotte request for comment

Hi Brian,

This is Michael Clark at the CBS affiliate in Charlotte. We spoke earlier this afternoon. Wanted to see if you can push this through to the appropriate person:

\*Any response from Governor Haley on why the Confederate flag still flies above the other flags that are at half-staff at the State House?

\*Are there any discussions about removing or changing the Confederate flag after the Charleston shooting, as investigators look to see if it rises to the level of a hate crime?

Thanks for any help you can provide. If there is any opportunity to get an on camera interview, please advise.
