This was emailed to the General Assembly today.

Please let me know if you have any questions.

Thank you,
Katherine

Subject: DEW Computer Software Programming Error

Dear State Senator,

This e-mail is to notify you of a computer software programming error at the SC Department of Employment and Workforce (DEW) that may have impacted some of the businesses in your area. Each impacted business will be notified within the next three business days.

This computer software programming error affects only ten percent of all the businesses in the state, and has the potential to marginally impact a business' 2013 tax rates. The majority of businesses will not receive any type of bill as a result of this error. There are 399 non-profit/governmental entities that will receive new bills related to the issue.

Enclosed please find a copy of the letters being sent to the impacted businesses and a copy of frequently asked questions that you may use to respond to inquiries. If you have any questions or concerns, please do not hesitate to call Dr. Erica Von Nessen at 803.737.3260 (office) or myself at 803.737.2626 (office), 803.315.5320 (cell) or email me at aturner@dew.sc.gov<mailto:aturner@dew.sc.gov>.

Respectfully,

Abraham J. Turner
Executive Director
