Rebecca

Below is the quote I would like to use. Thank you. Bob

Major General Bob Livingston said, "I look forward to continuing to work with our governor on facilitating our veterans' transition to civilian life. Our military service members and their families sacrifice so much to keep us safe. When they leave the service, these great Americans and South Carolinians have so much more to offer. While, they have already earned our support and gratitude, we must provide them with avenues to contribute to our communities and state. Where there are obstacles, we need to remove those obstacles and where there are opportunities, we need to build on those opportunities."
