Hi Chaney! So sorry to bug, but I'm under a pretty tight deadline and would really love to quickly touch base on the news that Gov. Haley's being considered for a potential job in the Trump administration. Mind giving me a call or shooting a note? 646-256-0693.

Thanks so much,

Hey there,

Joe Scarborough is reporting that Donald Trump is considering Gov Haley for Secretary of State. Do you have any comment and do you have any info on whether the Governor has been in touch with Trump's transition team? Hallie Jackson is reporting on this for Nightly News tonight.

Please let us know!
