***Dear Mrs. Governor Nikki R. Haley !***

***Your Excellency !***

Your Excellency will be astonished about my endurance to send today my 4<sup>th</sup> letter in the same case,but I look full of optimism forward to receive a positive answer on my last letters,I sent to the Office of Your Excellency in Columbia . Please find enclosed a copy of my last letter above in the hope,that this one will now pass all the hurdles on the way to Your Excellency and will now be handed over to Your Excellency or to Your Excellency's Secretary,I very friendly ask to help me in this case.

I write to Your Excellency again,because I am an optimist-thinking man,and so I hope,Your Excellency will understand me,why I send all these letters to you. I also hope,Your Excellency will now be so kind and send to me graciously Your Excellency's **original own-hand-written signature,duly signed in ink (please not a facsimile or photographed one!!)** on a personal /visiting card or perhaps on a copy of a photograph or under a letter,for my in Germany outstanding and historical collection,which I described above and which I started as a young boy years ago..This collection will go as gift to a museum,when I will be no longer able to continue my life-hobby,but I hope,that will be in many many years to come.

I am sure,Your Excellency's private time will be too short for fulfilling all these wishes you receive from all abroad the world,but I hope,Your Excellency will make an exception from time to time,and so I appellate to Your Excellency to make such an exception for me and for my very fine and historical collection.I thank Your Excellency so much for the nobel gesture to let me now have a positive answer. It will be a great honour for me, if you will enrich my collection with your **original own-hand-written** signature!!

**With all my warmest regards from Germany connected with best wishes for further much success and for best health**

**I am Your Excellency's**

**obediently**

**Dear Mrs. Governor Nikki R.Haley !**  
**Your Excellency !**

I am not sure, if I shall write to Your Excellency again or looking forward to receive an answer on both my last two letters above, but I decided to write to Your Excellency again in the hope to find with this letter now Your Excellency's understanding for my wonderful hobby, which I described above !

Therefore Your Excellency, please allow me to repeat now my very great request for **Your Excellency's original own-hand-written signature, duly signed in ink (please not a facsimile one!!) on a personal / visiting card** or on a copy of a photograph or under a letter, for my in Germany outstanding and historical collection, that I started very successfully many years ago as a young boy, and that will go as gift to a museum, when I will be no longer able to continue this historical work, my life-hobby!!

Your Excellency will make me very happy and it will be a great honour for me, if Your Excellency would now accept and fulfil my request. I thank Your Excellency so much for understanding the "small problems" of a German special autograph-collector. I hope so much, that Your Excellency will enrich my unique collection with your original written signature.

**With all my kindest greetings from Germany and for best wishes for best health and for further much success I am**
