It was a pleasure meeting and spending time with Rodney. Please deliver his picture and let me attach a personal note for the delivery. We are all better for having worked with him.

> It is my understanding that you arranged for Officer Rodney Morris to have lunch with Governor Haley on last Friday. Unfortunately Officer Morris has been hospitalized since the day of the luncheon. Despite the pain and sedation from the medication, the one thing he often talks about is having had the opportunity to have lunch with Governor Haley which has truly been a great life experience moment for him and those of us that he shares it with. Officer Morris has made an impact on everyone at Kirkland that comes in contact with him. As his supervisor, I would like to say thanks to you for making it possible for Officer Morris to have that experience. I'm sure it is a memory he will always cherish!
