---

Can we meet tomorrow about the marketing of this. All of this refers to SC Flood Relief Fund. I'm going to send a separate e-mail from CCCF which expresses concern about changing the fund name. They want to create a separate hashtag to support the effort, but I want to make sure there is a consistent message to our Advisory Committee members about the message they should be communicating and ways to solicit support and giving.

Holly,

Please see the attached scanned letterhead with ways to give to the fund. The foundation can accept stock transfers but as that is complicated they can just call us with additional questions.
