Footprint, LLC establishing manufacturing facility in Chester County *\$15.4 million capital investment expected to result in 115 new jobs*

COLUMBIA, S.C. - [Footprint, LLC](#), a company that specializes in the direct manufacturing of sustainable materials and packaging, is establishing manufacturing operations in Chester County. The company is investing \$15.4 million to establish the facility, creating an expected 115 new jobs over the next five years.

Headquartered in Gilbert, Ariz., Footprint was founded by two former employees of the Intel Corporation, Troy Swope and Yoke Chung. Determined to change the way products are manufactured and packaged, Footprint provides economical and environmentally-friendly packaging solutions to its customers. Since its inception, the firm has seen significant growth and currently operates facilities in three countries, including the United States, Mexico and China. Among the industries that Footprint serves are consumer goods, food and beverage, produce and horticulture and product manufacturing.

To house its Chester County operations, Footprint is leasing a 109,000-square-foot building at 546 L&C Distribution Park in Richburg, S.C. As the firm's newest and most advanced manufacturing facility, the Chester County operations will focus on the production and delivery of sustainable packaging materials for the company's East Coast and Canadian customers.

Hiring for the new positions is anticipated to start in the third quarter of 2015 and continue through 2016 as new manufacturing lines are installed. Those interested in applying may submit a resume at jobs@FootprintUS.com. For more information on Footprint, LLC, visit www.footprintus.com.

The Coordinating Council for Economic Development has approved job development credits related to the project.
