Office of the Lt Governor:

RE: Offender Services

Dear Lt. Governor:

I am an incarcerated state inmate trying to prepare a parole plan for my up-coming parole review next year.

Sir, I'm 65 years of age and have no family; nor do I have anyone for, or to support me in my re-entry back into society.

I have been incarcerated the past 28 years on an old life sentence (10 yr. life sentence), for a kidnapping conviction.

I have maintained a very good "institutional", "work", and "disciplinary" ~~my~~ records (1 infraction in 28 years).

I'm in need of any "state", "federal" or "private" agencies that may provide assistance or information to help offenders re-enter society. (E.g. transitional housing, clothing, food, employment opportunities, transportation, health insurance, programs, etc., etc., etc.)

Sir I wish to reside in the Moncks Corner - St. Stephens area of the state and sincerely pray for any assistance or information you or your office may provide to help give me a fair opportunity in becoming a productive offender re-entering society.

Your assistance in this matter, shall be most gratefully appreciated.

With kind regards

Sincerely

Donald Griffin
