Sue Ann Tarkenton EBSP is fantastic. We spent some time at the campground this fall and enjoyed every minute of it. The park is so well kept and the beach is divine. I loved every sunrise and sunset and even the crazy racoon that hung out in the Palmetto trees at our campsite. Thank you for caring about SC State Parks and the people that visit. ♥

Becky Burgess Brock My dad was a ranger at a private camp and his dedication and kindness helped to inspired one of the employees there to become an SC state park ranger. We are all very proud of her! (You know who you are - we love you).
