Subject: Happy New Year

Friend,

Today is December 31st, which means it's New Year's Eve and there's still time to join our **Carolina Conservative Coalition**.

South Carolina has a proud tradition of free-market, conservative values that champions limited government, lower taxes, and reduced spending. Those are the values we are going to bring to Washington D.C.

Will you join us in that fight by activating your Carolina Conservative Coalition membership today?

Membership is **only \$25** and that goes a long way towards making our goals a reality in 2016.

Our December fundraising deadline is the most important deadline of the year. Will you help us surpass our \$25,000 goal?

I know we can count on you to join the Carolina Conservative Coalition before 2015 is over.
