---

Hi Chaney,

I'm looking at doing something small about the dispute about the current status of the Confederate flag in Columbia. I know the governor lacks the authority to order that particular flag to be raised or lowered, but:

- (1) Does she believe she should have the power to order the flag lowered to half-staff?
- (2) Does she think it should be lowered?
- (3) Is there any likelihood of her seeking the authority in the future to control the flag's height?

Thanks.
