**Subject:** must see new video

---

Friend,

We just launched a brand new TV ad, and **we wanted you to be one of the first to see it.**

It highlights Nikki's strong record fighting for all South Carolinians, specifically the passing of the Education Reform plan which allows more funding for schools in high poverty areas. Changing the way that schools get funded is critical to improving education across the state.

That's exactly what Nikki did. She listened to teachers and took action to make real change.

**Please, check out this video, and then help Nikki continue fighting for education by making a donation today.**

Thanks for your help,

Team Haley

**P.S. We have a MASSIVE fundraising deadline coming up at the end of the month. Please, help us reach our goal by donating today.**
