JoAnn,

The Governor has a press conference Tuesday about storm recovery. I need to get some information Monday to help prepare. Apparently when Holly was here you provided her with a break down of skilled labor and what was being done with One SC dollars. The comparison is that \$X federal dollars creates Y homes, while \$X One SC funds creates a significant amount more of homes. That was what we learned last time.

Can you generate a report showing what the dollars can do in terms of the volunteers in the state and the estimated free labor we are getting, and the dollars and how they will help homes? I don't have the prior report you gave Holly so I am not sure what you did last time.
