Dear NASUAD Members,

Due to some of the conversations we've had with key stakeholders, including Federal officials, about the HCBS regulation, we are increasingly concerned about the perception of Adult Day services and their value to individuals in HCBS programs. We strongly believe that there is a need to improve the knowledge of the types of services that individuals receive from Adult Day providers, and the crucial role that these services play in maintaining the community placement for seniors and people with disabilities. As such, we are sending you two very brief surveys to collect more information about Adult Day services across the country. We request, and strongly encourage, all of you to respond to this inquiry.

The first survey is for **State agencies** to complete. This is a question about policy and financing of Adult Day in your state. It is at: <http://www.surveygizmo.com/s3/1898558/Adult-Day-Services-NASUAD-Members>

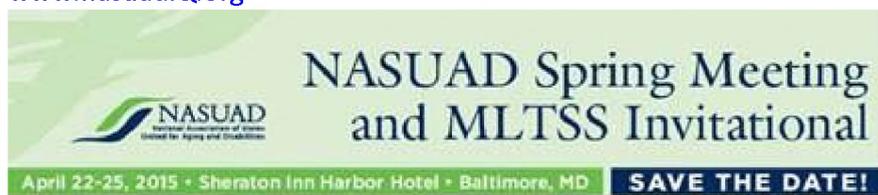

The second survey is for **Adult Day providers** to complete. We request that you send the link to your provider associations and other groups of entities that deliver these services: <http://www.surveygizmo.com/s3/1901370/Adult-Day-Services-NASDA-Members>

Feel free to contact Damon Terzaghi ([dterzaghi@nasuad.org](mailto:dterzaghi@nasuad.org)) with any questions about this request.

Please take the time to complete this survey. Thank you so much for your support.

Martha
